

## ConneXions Leader Training #1 & #2

### Building Healthy Leaders (BHL) &

### Doing Design (DD)

Dear fellow pastor leaders in the Lord,

I have been involved in leadership training since 1976 when I had the pleasure of being trained in a very practical “hands on” approach. Since I became a pastor in 1981, I have been involved in developing leaders. I believe that building leaders — especially building healthy leaders is one of the most important needs and responsibilities we have in the church today.

Two years ago I was introduced to a leadership model (not a program): the ConneXions Model. Not only was I excited about this model and began to implement it in my life, but I also learned how to communicate these principles in our church, and in our mission opportunities in Asia.

This model gives a framework to communicate effectively what our movement experienced in our early days. Our churches need not only more leaders, but healthy leaders who are Christ centered in the context of a relational community, where character is being transformed, calling is discovered and competency is developed. The ConneXions model (Christ, Community, Character, Calling and Competencies) gives us a common language to interact on and implement these biblical leadership concepts in our churches both in the US and throughout the world.

The first course of the ConneXions Leadership Training includes three major components:

- (1) The 5 C’s
- (2) The 4 D’s
- (3) Intentional Design

Please let’s join hands and learn together how we can build healthy leaders through the ConneXions Model. We are convinced that this training not only will benefit you but also it will benefit the next generation of leaders you are building into.
