Longer mission up to 6 months: contact Ching Yu

# East Asia Project Orientation 2012

A special opportunity in 2012

You might be the one who could help make a difference in the life of another person on the other side of the world! Students in East Asia are eager to practice English and make friends with Americans. And, at least right now, many have an interest in talking about spiritual things but this could be a short window of opportunity. Experienced missionaries have commented that this opportunity could possibly close in the next 10 years if next generation leaders are not raised up. Let's pray and take action to fan into flame missional churches and leaders for His kingdom.

## The Need

When you visit students in East Asia, you will find that many are totally ignorant of the Bible and who Jesus Christ is (although it's been changing in the last couple years). As you know, their eternal life depends on Jesus, but for various reasons, including government restrictions, they are ignorant until someone helps them understand.

## What's already been happening

Ching Yu and Susan Wang lived in Hong Kong from 1986 – 2004, where they were leaders of a church plant. Today, the Wangs are helping to facilitate cross-cultural mission in the US and facilitate East Asia missions overseas. In the summer of 2011, short-term mission teams led Gospel camps for high school & college students in partnership with over 20 Churches.

In Oct 2009, Great Commission Church (GCC) leaders sought the Lord concerning Asia. We recognized that GCC must continue building a mission-sending base from the US to establish a home base in Asia. As of June 2010: (1) the Swing family moved to Asia to do mission. (2) e3 leadership group (e3lg), a GCC member ministry, and Asia Belongs to Christ Ministries (ABCM) play a critical role in connecting the US and Asia. (3) Leadership development in Asia is employing a ConneXions (cX) model and has been introduced in Hong Kong, Taiwan, Singapore, Nepal, and a creative access country. cX's Christ-centered leadership principles provide momentum for these churches by granting a common language and unified vision.

## How You Can Make A Difference

In 2010, we saw over 30 people come to know the

Lord as a result of the mission. One of our teams spent four days in five local resident's homes to celebrate both American and Asian festivals with their "households". As we were getting on the bus to leave, four teens decided to come along for the ride. It was our break in the middle of the mission. We shared 15 testimonies on the way to our destination. Then all four teens went with us for sight seeing. They had water fights; they shopped and worshipped the Lord in the bus for 1.5 hours. All four accepted Christ that evening. These teens witnessed authentic Christian living, they had fun and they saw the love of Christ and the craziness of believers. There is no reason not to believe.

As for me, I am in awe to see how over 5 years the Lord has taken one little summer mission trip and expanded it from one project into 20 projects this year. Everyone took part in seeing people come to the Lord. Some of the conversions were a result of two years of contact. There are open doors for the gospel all over Asia.

Therefore, my beloved brothers, be steadfast, immovable, always abounding in the work of the Lord, knowing that in the Lord your labor is not in vain. (Cor 15:58)

Would you consider joining with us in this challenging adventure next year, as good soldiers of Christ?

## Objectives

- (1) Make disciples of all nations (particularly in East Asia, where the harvest is ready) as we are mandated to take part in the Great Commission of Jesus Christ.
- (2) Build partnership with a host church, especially great commission churches (Hong Kong, Taiwan & creative access country) to conduct cross-cultural mission together, leading to the possible formation of an international sub-congregation.
- (3) Grow in relationship with the Lord as each one takes steps of faith in mission, thereby, becoming a more equipped disciple of Christ to minister to people both locally and globally.
- (4) Develop leadership qualities in the context of community by laboring together in Hong Kong, Taiwan and other parts of Asia.

- (5) Explore creative mission approaches to make disciples in “creative access countries”. In the year 2012, it is our aim to help strengthening churches in Taiwan, a creative access country, and Hong Kong.

East Asia + Hong Kong  
**Hong Kong Gospel & Leadership Camps**
