## Why Nepal?

"The land-locked nation of Nepal between China and India was, until 2006, the world's only officially Hindu nation, with **86 percent** of the population being Hindu and only **0.6 percent** Christian. Today, Christians make up 2.8 percent of the population while Hindus account for 75 percent."

Joshua Project

"Famous for its high peaks and wind-whipped prayer flags, Hindu-majority Nepal used to be a nation unreached by Christianity. Now the country has one of the fastest-growing Christian populations in the world."
