What we do:

1. Reaching the world with the gospel is at the very core of Great Commission Asia Network (GCAN). GCAN leaders have engaged in cross-cultural missions and international church plants since 1986. GCAN has worked in Hong Kong and Singapore, Philippines, Cambodia and beyond, because they have a significant presence in US university campuses, and are in a strategic position to make disciples of all nations both in the US and abroad.
2. In order for GCAN to participate in reaching Asia with the gospel of Jesus Christ, GCAN will partner with existing churches in Asia and the US to: (1) conduct Short Term Mission (STM) (2) facilitate/encourage fixed term missions leading to (3) Long Term Missionaries placements.
3. A window of opportunity has been presented to us recently resulting from four years of missionary effort starting from the Philippines. Last year, three young missionaries moved to Cambodia and it is GCAN's desire to support and strengthen their work and to develop new mission works.
4. It is our desire to conduct mission work in Japan, Taiwan, Hong Kong, Cambodia and other Asian countries in the days to come.

Objectives

- (1) Make disciples as we are mandated to take part in the Great Commission of Jesus Christ.
- (2) Build partnerships with host churches, conduct cross-cultural mission together, leading to the possible formation of new church plants.
- (3) Grow in relationship with the Lord as each one takes steps of faith in mission, thereby, becoming a more equipped disciple of Christ to minister to people both locally and globally.
- (4) Develop leadership qualities in the context of community by laboring together in Asia.
- (5) Explore creative mission approaches to make disciples in "creative access countries" or "under-reached countries".
